Volume 7, No. 5

May 2014

**Fizz... Boom... Read!**

It's all about science this summer at the Socorro Public Library!

Science is the focus of this summer's reading program for kids at the Socorro Public Library and it starts as soon as school is out. There will be programs, events, workshops, movies, prizes, parties and plenty of reading fun the whole summer.

The big kick-off is scheduled for **June 10** at the City Youth Center from 2 pm to 3 pm with *Didgrevolution*: an Australian-themed show combining didgeridoo music, culture and...science!

But, take note: on **June 5** the Asomobro Institute for Science Education will be at the library at 2 pm to show and talk about animals found in the Chihuahua Desert and the adaptations they've made to be able to live here successfully.

Kids can learn about more animals at the library in June:

- **June 16** -- Zoo to You!
- **June 26** -- Jeanine Kimble of Sevilleta National Wildlife Refuge

Sprinkled throughout the summer will be cool science experiments, craft workshops and siesta movies. Stop by the library for a complete calendar of events.

Kids can sign up to participate in the reading program (to win prizes) at school, at the public library, or at any of the events. Adults! You can sign up for summer reading, too! And every-one--program participant or not-- is welcome at the events.

To view City Council meeting minutes, agendas or to watch a meeting live, go to [www.socorronm.gov](http://www.socorronm.gov) and click the Webcasts button.
