Celebrating City Employees

How much of what you do every day is made easier or better because a Socorro City Employee did his or her job? Hot water came out of the faucet for your morning shower, thanks to the water and the gas departments. Your ride to work went smoothly as a result of the work done by the city street crew. Your trash was picked up and taken to the landfill. Perhaps you checked out books at the public library, or used the services of the transportation department. Hopefully you didn't need emergency services from the fire or police departments, but if you had needed them, they were standing by. Did you cool off in the city pool this summer? Are your kids playing sports through the recreation department or participating in after school activities at the Youth Center?

Each month we highlight those City Employees who are marking a service anniversary with the City of 5, 10, 15, 20, 25 or 30 years. This month we celebrate those who had anniversaries in June, July, August and September. If you know them, congratulate them. Even more importantly, the next time you encounter city employees, THANK them for the job they do.
