FINANCIAL STATEMENTS SECTION

#### INDEPENDENT AUDITORS' REPORT

Ravi Bhasker, Mayor
City Council
City of Socorro
and
Hector H. Balderas
New Mexico State Auditor
Santa Fe, New Mexico

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate remaining fund information, and the budgetary comparisons for the general fund of the City of Socorro, New Mexico (City), as of and for the year ended June 30, 2012, which collectively comprise the City's basic financial statements as listed in the table of contents. We have also audited the financial statements of each of the City's nonmajor governmental funds and the budgetary comparisons for all nonmajor funds presented as supplementary information in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2012, as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to previously present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities and the aggregate remaining fund information of the City, as of June 30, 2012, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparison for the general fund for the year then ended in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion the financial statements referred to previously present fairly, in all material respects, the respective financial position of each nonmajor governmental fund of the City as of June 30, 2012, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparisons for all nonmajor funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 30, 2012, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Management has omitted the MD&A which is required to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Our audit was conducted for the purpose of forming opinions on the basic financial statements, the combining and individual fund financial statements, and the budgetary comparisons. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the financial statements. The additional schedules listed as "other supplementary information" in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

# RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2012

Amounts reported for governmental activities in the Statement of Activities are different because:

Net change in fund balances - total governmental funds	\$	36,824
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets are allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeded depreciation expense.		48,671
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds		112,050
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.	<u>(</u>	8,682)
Change in net assets of governmental activities	\$	188,863

## STATE OF NEW MEXICO CITY OF SOCORRO NOTES TO FINANCIAL STATEMENTS JUNE 30, 2012

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Socorro incorporated in 1870 under the laws of the State of New Mexico. The City operates under a Mayor - Council form of government and provides services as authorized by its charter: public safety, highways and streets, sanitation, health and welfare, culture and recreation, planning and zoning, and general administrative services.

## A. Reporting Entity

This summary of significant accounting policies of the City of Socorro are presented to assist in the understanding of the City of Socorro's financial statements. The financial statements and notes are the representation of the City of Socorro's management who is responsible for their integrity and objectivity. The financial statements of the City have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

In evaluating how to define the government, for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in generally accepted accounting principles (GAAP).

The basic (but not the only) criteria for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the government and/or its citizens, or whether the activity is conducted within the geographic boundaries of the government and is generally available to its citizens. A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the government is able to exercise oversight responsibilities. Based upon the application of these criteria, the City has no component units.

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## **B.** Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenue, are reported separately from *business-like activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function, or segment, are offset by program revenue. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenue* includes 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenue are reported instead as *general revenue*.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

## C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Sales, franchise, lodgers', gas, cigarette and other similar taxes are recognized when the underlying exchange transaction takes place. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources* measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenue to be available if collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, sales taxes, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenue of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City. Socorro County, the collecting agent for the City property tax, is unable to report the amount of delinquent tax currently due to the City.

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (continued)

The City reports the following major governmental funds:

The <u>General Fund</u> is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The City reports the following major proprietary funds:

The <u>Joint Enterprise Fund</u> is used to account for the activities of the City's natural gas, water, wastewater, solid waste, landfill and recycling operations.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The City has elected not to follow subsequent private-sector guidance.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the City's water and sewer function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenue reported for the various functions concerned.

Amounts reported as *program revenues* include: 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenue includes all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds are charges to customers for sales and services. Operating expenses for the enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenue and expenses not meeting this definition are reported as nonoperating revenue and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## D. Assets, Liabilities, and Net Assets or Equity

## **Cash Equivalents and Investments**

Cash and investments include amounts in demand deposits, certificates of deposit and investments. All amounts included in pooled cash and investments with an original maturity of 90 days or less are considered to be cash equivalents for the purposes of the statement of cash flows. Investments are stated at fair market value.

### Receivables

Accounts receivable of the enterprise fund represents the amounts due from customer utility accounts. Customers are billed jointly for charges of gas, water, wastewater, and solid waste disposal services. The governmental funds report taxes and other fees collected at the City, County and State level as receivables.

## **Supply Inventories**

The cost of inventory items in the joint enterprise fund, consisting primarily of parts and supplies, are recorded at last cost. Expenditures are recorded as the inventory items are consumed.

#### **Restricted Assets**

Certain resources of the governmental and enterprise funds are set aside for revenue bond and note repayment and replacement reserves and are classified as restricted assets on the balance sheet because the use of these monies is limited by applicable bond covenants and loan documents. The City also sets aside the environmental gross receipts tax collection and a certain portion of refuse collection fees for purchase of future water rights as may be needed by the City. In addition, customers' meter deposit monies are classified as restricted assets.

## **Capital Assets**

Capital assets, which include property, plant, equipment, improvements, and water and sewer system, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The City defines capital assets as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The City has chosen the prospective reporting of general infrastructures assets. The costs of library books at conversion were determined to be fully depreciated. Current year purchases of library books do not warrant capitalization.

Interest incurred during the construction phase of capital assets of business type activities is included as part of the capitalized value of the asset constructed. During the year the City did not capitalize any interest costs.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### D. Assets, Liabilities, and Net Assets or Equity (continued)

Property, improvements, equipment, and water and sewer system are depreciated using the straight-line method over the following useful lives:

Assets	Years
Data Processing Equipment	3
Software	5
Office Equipment	5
Motor Vehicles	5
Office Furniture	10
Non Office Equipment and Ambluance	10
Fire Truck, Facility Improvements	20
Buildings	20 - 40

#### **Compensated Absences**

The City's employees earn vacation leave, which may either be taken or accumulated, up to certain amounts, until paid upon resignation or retirement. All vacation leave pay is accrued when incurred in the government-wide and proprietary fund financial statements. Sick leave accrues at the rate of eight hours per month. Employees who have accumulated sick leave in excess of 600 hours may convert to pay (not to exceed 500 hours) the amount in excess at a rate of two hours of sick leave to one hour of cash payment. No liability is recorded for non-vesting accumulating rights to receive sick pay benefits.

#### **Long-term Obligations**

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets.

#### **Fund Balances**

In the fund financial statements, governmental funds report aggregate amounts for five classifications of fund balances based on the constraints imposed on the use of these resources. The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form – prepaid items or inventories; or (b) legally or contractually required to be maintained intact.

The spendable portion of the fund balance comprises the remaining four classifications: restricted, committed, assigned, and unassigned.

Restricted fund balance. This classification reflects the constraints imposed on resources either (a) externally by creditors, grantor, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### D. Assets, Liabilities, and Net Assets or Equity (continued)

Committed fund balance. These amounts can only be used for specific purposes pursuant to constraints imposed by formal resolutions or ordinances of the City council- the government's highest level of decision making authority. Those committed amounts cannot be used for any other purpose unless the City council removes the specified use by taking the same type of action imposing the commitment. This classification also includes contractual obligations to the extent that existing resources in the fund have been committed for use in satisfying those contractual requirements.

Assigned fund balance. This classification reflects the amounts constrained by the City's "intent" to be used for specific purposes, but are neither restricted nor committed. The City council has the authority to assign amounts to be used for specific purposes. Assigned fund balances include all remaining amounts (except negative balances) that are reported in governmental funds, other than the General Fund, that are not classified as nonspendable and are neither restricted nor committed.

*Unassigned fund balance*. This fund balance is the residual classification for the General Fund. It is also used to report negative fund balances in other governmental funds.

#### **Net Assets**

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvements of those assets, and adding back unspent proceeds. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislations adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

#### **Estimates**

The preparation of financial statements, in conformity with generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual amounts could differ from those estimates.

#### E. Proprietary Activity Accounting and Financial Reporting

The City currently has a policy to apply Governmental Accounting Standards Board (GASB) pronouncements and the Financial Accounting Standards Board (FASB) Statements issued after November 30, 1989 that do not conflict with or contradict GASB pronouncements to all proprietary activities.

#### 2. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

## **Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Assets**

The governmental fund balance sheet includes reconciliation between *fund balance – total governmental funds* and *net assets – governmental activities* as reported in the government-wide statement of net assets. One element of that reconciliation explains, "long-term liabilities, including loans payable, are not due and payable in the current period and therefore are not reported in the funds." The details are as follows:

Bonds and loans payable current	\$	114,830
Bonds and loans payable long-term		1,068,141
Accrued interest payable		7,419
Loan fees	(	3,812)
Compensated absences		209,518
Net adjustment to reduce fund balance - total		
governmental funds to arrive at net assets -		
governmental activities	\$	1,396,096

### Explanation of Certain Differences Between the Governmental Fund Statement of Revenue, Expenditures and Changes in Fund Balances and the Government-wide Statement of Activities

The governmental fund statement of revenue, expenditures and changes in fund balances includes a reconciliation between *net changes in fund balances* – *total governmental fund* and *changes in net assets of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains, "Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense." The details of this difference are as follows:

### 2. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (Continued)

#### Explanation of Certain Differences Between the Governmental Fund Statement of Revenue, Expenditures and Changes in Fund Balances and the Government-wide Statement of Activities

(continued)

 Capital outlay

 Depreciation expense
 (1,338,063)

Net adjustment to increase net changes in fund balances - total governmental funds to arrive at changes in net

Another element of that reconciliation states, "the issuance of long-term debt provides current financial resources to the governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of the governmental funds." The details of this difference as follows:

Bond and loan payable \$ 112,050

Net adjustment to increase net changes in fund balances total governmental funds to arrive at changes in net
assets of governmental activities \$ 112,050

Another element of that reconciliation states, "Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds." The details of this difference are as follows:

Compensated absences	\$ (10,464)
Accrued interest	2,198
Amortization of loan fees	 (416)
Net adjustment to decrease net changes in fund balances -	
total governmental funds to arrive at changes in net

#### 3. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

#### **Budgetary Information**

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to June 1, the City Clerk-Treasurer submits to the City Council a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them based on previous year's history. Public hearings are conducted at the City Hall to obtain taxpayer comments. Prior to July 1, the budget is legally enacted through passage of an ordinance.

#### **Budgetary Information** (continued)

- 2. The City Clerk-Treasurer is authorized to transfer budgeted amounts between departments within any fund; however, the City Council and New Mexico Department of Finance, Division of Local Governments must approve any revisions that alter the total expenditures of any funds. The original budget that was adopted in July was amended during the fiscal year in a legally permissible manner.
- 3. Formal budgetary integration is employed as a management control device during the year for each fund.
- 4. Encumbrances are not reported in the budgets or financial statements.
- 5. The expenditures or expenses may not legally exceed appropriations for each budget, at the fund level. Appropriations lapse at year end.
- 6. Budgets for the funds are adopted on a basis not consistent with generally accepted accounting principles. Throughout the year the accounting records are maintained on the non-GAAP basis of cash receipts and disbursements. Accordingly, certain revenues and the related assets are recognized when paid rather than when the obligation is incurred. The financial statements are presented on the modified accrual basis of accounting. Budgetary comparisons presented for the funds in this report are on the non-GAAP budgetary basis and actual (cash basis).

#### **Cash and Investments**

The City can invest in; bonds or negotiable securities of the United States, the state of other governments; and other securities, contracts or obligations that are backed by the full faith and credit of the United States government. If the City is unable to invest with the bank at the rate of interest set forth by the State of New Mexico (which is no less than one hundred percent of the asked price on United States Treasury bills of the same maturity on the day of deposit) then the City may invest with the New Mexico State Treasurer's short term investment pool.

At June 30, 2012, the City had cash and cash equivalents on deposit with local financial institutions, consisting of checking accounts and certificates of deposits that are carried at cost, which also have values approximating market value. The City also had funds held by the New Mexico Finance Authority in bank funds secured by US Treasury Funds. Investments are held at Wells Fargo Brokerage Services secured by the United States government. Following is a schedule as of June 30, 2012, of the cash and cash equivalents and collateral pledged to secure the public funds on deposit. All funds are held in the name of the City in financial institutions that have exceeded the minimum collateral requirements. All financial institutions have pledged collateral with securities held by their trust department or agent in the financial institutions name.

In accordance with Section 6-10-17, NMSA 1978 compilation, deposits of public monies are required to be collateralized. Pledged collateral is required in amounts in aggregate equal to one half of the amount of uninsured public money in each account during the fiscal year. Securities which are obligations of the State of New Mexico, its agencies, institutions, counties, or municipalities or other subdivisions are accepted as security at par value; all other securities are accepted as security at market value. No security is required for the deposit of public money that is insured by the Federal Deposit Insurance Corporation.

The City invests idle cash under the guidelines of the State of New Mexico Statute 6-10-11 which authorizes investments in the following instruments:

- 1) Bonds or negotiable securities of the United States, the state or a county, municipality or school district that has a taxable valuation or real property for the last preceding year of at least one million dollars (\$1,000,000) and has not defaulted in the payment of any interest or sinking fund obligation or failed to meet any bonds at maturity at any time within five years last preceding; or
- 2) Securities that are issued by the United States government or by its agencies or instrumentalities and that are either direct obligations of the United States, the federal home loan mortgage association, the federal national mortgage association, the federal farm credit bank or the student loan marketing association or are backed by the full faith and credit of the United States government.

As of June 30, 2012 the City had the following investments held at Wells Fargo Brokerage Services:

	<u>Fair Value</u>	<u>Current</u>
Wells Fargo Adv. Government MMF	\$ 1,554,782	\$ 1,554,782

#### Custodial Credit Risk – Investments

In accordance with GASB 40, the City's investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by the counterparty. All of the City's investments are purchased through Wells Fargo Brokerage Services. Wells Fargo & Company holds all U.S. depository – eligible securities with the federally regulated Depository Trust Company (DTC) or through the Federal Reserve Bank System in Wells Fargo's name. The Advanced Government Money Market Fund investment of the City meet the above criteria and the cost subject to custodial credit risk is \$1,554,782. The City does not have a formal investment policy to limit this risk.

#### <u>Cash and Investments</u> (continued)

#### *Interest Rate Risk – Investments*

The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

#### Credit Risk – Investments

As noted above the City follows the guidelines provided by the State of New Mexico for its investments. The City's investments in Government Money Market were rated AAA by Moody's Investor Services and AAAm by Standard & Poors.

#### Concentration of Credit Risk – Investments

The City places no limit on the amount the City may invest in any one issuer. 100% of the City's investments are in Government Money Market.

#### **Investments as Stated in Report:**

#### **Landfill Closure and Post Closure Costs**

State and Federal law regulations require the City to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and post closure care will be paid only near or after the date that the landfill stops accepting waste, the City reports a portion of these closure and post closure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The \$733,720 reported as landfill closure liability (includes: landfill closure, post closure care, phase I and phase II assessments and corrective action costs) at June 30, 2012, represents the cumulative amount reported to date based on management's estimates and on the area used by the landfill. Actual costs may differ due to inflation and changes in technology and regulations. It is estimated that the current site will be closed in 2013.

During the year ended June 30, 2012, the City received \$49,940 in environmental gross receipts tax for closure and post closure care costs as well as other solid waste issues. The City has reported restricted cash per the financials at June 30, 2012; \$348,575 of City imposed environmental gross receipts tax and service charge revenue to be used to satisfy the landfill closure and post closure care liability as well as other solid waste cost issues. The City has satisfied State determined financial assurance requirements for closure and post closure costs and related assessments through the State's analysis of the City's present financial stature. The City has received their new landfill permit which is adjacent to the old landfill. The new landfill is under construction and should be opened in 2013.

#### **POST-EMPLOYMENT BENEFITS:**

#### **Retirement Plan**

*Plan Description*. Substantially all of the City's full-time employees participate in a public employee retirement system authorized under the Public Employees' Retirement Act (Chapter 10, Article 11, NMSA 1978). The Public Employees Retirement Association (PERA) is the administrator of the plan, which is a cost- sharing multiple-employer defined benefit retirement plan. The plan provides for retirement benefits, disability benefits, survivor benefits and cost-of-living adjustments to plan members and beneficiaries. PERA issues a separate, publicly available financial report that includes financial statements and required supplementary information for the plan. That report may be obtained by writing to PERA, P.O. Box 2123, Santa Fe, New Mexico 87504-2123. This report is also available on PERA's website at <a href="https://www.pera.state.nm.us">www.pera.state.nm.us</a>.

Funding Policy. Plan members are required to contribute a percentage of their gross salary. The City of Socorro is required to contribute 18.5% for law enforcement officers, 21.25% for fire protection workers and 9.15% for all other employees, of the gross covered salary. In addition to the state employer contribution percentages above, the City currently pays 75% of the required employee contributions of 13.15% for all regular employee members. The contribution requirements of plan members and the City of Socorro are established in State statute under Chapter 10, Article 11 NMSA 1978. The requirements may be amended by acts of legislature. The City of Socorro's contributions to PERA for the years ending June 30, 2012, 2011 and 2010 were \$798,518, \$782,979, and \$804,316, respectively, equal to the amount of the required contributions for each year.

#### **Deferred Compensation Plan**

The State of New Mexico offers local governments a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all local government employees whose employers have elected participation in the plan, permits participants to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency.

#### **LONG TERM DEBT:** (continued)

#### **Deferred Compensation Plan** (continued)

All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property or rights are held in trust by the State of New Mexico for the benefit of the participants.

Approximately sixteen employees of the City participate in the Deferred Compensation Plan. Neither the City of Socorro nor the State of New Mexico makes any contributions to the Deferred Compensation Plan. All contributions withheld from participants by the City of Socorro, have been paid to New Mexico Public Employees' Retirement Association, which administers the plan.

#### Post-Employment Benefits – State Retiree Health Care Plan

*Plan Description*. The City of Socorro contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple-employer defined benefit postemployment healthcare plan administered by the New Mexico Retiree Health Care Authority (RHCA). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (Act) (Chapter 10, Article 7C, NMSA 1978). The Board is responsible for establishing and amending benefit provisions of the healthcare plan and is also authorized to designate optional and/or voluntary benefits like dental, vision, supplemental life insurance, and long-term care policies.

Eligible retirees are: (1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the RHCA plan on the person's behalf unless that person retires on or before the employer's RHCA effective date, in which event the time period required for employee and employer contributions shall become the period of time between the employer's effective date and the date of retirement; (2) retirees defined by the Act who retired prior to July 1, 1990; (3) former legislators who served at least two years; (4) former governing authority members who served at least four years.

The RHCA issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the postemployment healthcare plan. That report and further information can be obtained by writing to the Retiree Health Care Authority at 4308 Carlisle NE, Suite 104, Albuquerque, NM 87107.

Funding Policy. The Retiree Health Care Act (Section 10-7C-13 NMSA 1978) authorizes the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate schedule for the medical plus basic life plan plus an additional participation fee of five dollars if the eligible participant retired prior to the employer's RHCA effective date or is a former legislator or former governing authority member. Former legislators and governing authority members are required to pay 100% of the insurance premium to cover their claims and the administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RHCA or viewed on their website at <a href="https://www.nmrhca.state.nm.us">www.nmrhca.state.nm.us</a>.

#### **POST-EMPLOYMENT BENEFITS:** (continued)

#### <u>Post-Employment Benefits – State Retiree Health Care Plan</u> (continued)

The Retiree Health Care Act (Section 10-7C-15 NMSA 1978) is the statutory authority that establishes the required contributions of participating employers and their employees. During the fiscal year ended June 30, 2012, the statute required each participating employer to contribute 1.834% of each participating employee's annual salary; each participating employee was required to contribute 0.917% of their salary. In the fiscal year ending June 30, 2013 the contribution rates for employees and employers will rise as follows:

For employees who are not members of an enhanced retirement plan the contribution rates will be: Employees who are not members of an enhanced retirement plan

Fiscal Year	Employer Contribution Rate	Employee Contribution Rate
FY13	2.000%	1.000%

For employees who are members of an enhanced retirement plan (state police and adult correctional officer coverage plan 1; municipal police member coverage plans 3, 4 and 5; municipal fire member coverage plans 3, 4 and 5; municipal detention officer member coverage plan 1; and members pursuant to the Judicial Retirement Act [10-12B-1 NMSA 1978]), during the fiscal year ended June 30, 2012, the statute required each participating employer to contribute 2.292% of each participating employee's annual salary, and each participating employee was required to contribute 1.146% of their salary. In the fiscal year ending June 30, 2013 the contribution rates for both employees and employers will rise as follows:

Employees who are members of an enhances retirement plan

Fiscal Year	Employer Contribution Rate	Employee Contribution Rate
FY13	2.500%	1.250%

Also employers joining the program after January 1, 1998 are required to make a surplus-amount contribution to the RHCA based on one of two formulas at agreed-upon intervals.

The RHCA plan is financed on a pay-as-you-go basis. The employer, employee and retiree contributions are required to be remitted to the RHCA on a monthly basis. The statutory requirements for the contributions can be changed by the New Mexico State Legislature.

The City of Socorro contributions to the RHCA for the years ended June 30, 2012, 2011 and 2010 were \$80,072, \$71,274, \$52,169, respectively, which equal the required contributions for each year.

#### **Risk Management**

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City has obtained insurance through the Self Insurance Fund operating as a common risk management and insurance program. The City pays an annual premium to the New Mexico Self Insurers Fund for its general insurance coverage and all risk of loss is transferred.

#### **Related Party Transactions**

The City's mayor and council members own various businesses in their local area. For the year ending June 30, 2012 the City paid Best Western Hotel \$2,207 for facility rent and Bhasker Medical Clinic PC \$3,393 which is owned by Mayor Bhasker. For the year ending June 30, 2012 the City paid Monette Ford \$61,759 which is owned by Donald Monette, council member, Ernest Welding & Machine \$9,569 which is owned by Earnest Pargas, council member, Toby Jaramillo councilor's business \$725 and Hicks Paint and Body Shop \$253 which is owned by Gordy Hicks, council member.

#### **Settlement**

The City has been notified that the New Mexico Environment Department (NMED) has detected unacceptable levels of trichloroethylene (TCE) in underground wells, which NMED believes has come from property that the City owns. The property, known as Eagle Picher Site, was gifted to the City in 1976. Prior to the City's ownership, a private company operated a manufacturing plant on the property and subsequent to that the City leased the site to various tenants. The United States Environmental Protection Agency (EPA) is seeking information regarding the City's role in property ownership and control. The City maintains that it never contributed to the TCE contamination and, while the origination of the contamination is still being investigated, the City remains a potentially responsible party. Preliminary estimates place the cost of remediation of the groundwater in question in excess of \$23.6 million. The EPA and City formalized an agreement in which the City paid EPA \$200,000 in April 2012 and the agreement indemnified the City from any future obligations.

#### **Joint Powers Agreement**

The City of Socorro and the County of Socorro have entered into an agreement dated September 13, 2011 for sharing of Emergency Medical Services (EMS) and detention center. The City operates an EMS program and the County operates a detention center which will be utilized by both for the heath, safety and welfare needs of their respective citizens. The funds exchanged between the City and County will be utilized for the purchase of equipment and maintenance of the facility.

#### **Expenditures in Excess of Budget**

Actual expenditures exceeded budgeted expenditures at the total fund level for the following fund: Law Enforcement Fund \$1,200

#### **Capital Outlay Appropriations**

Capital Outlay appropriations are as follows:

## NON-MAJOR GOVERNMENTAL FUNDS SPECIAL REVENUE FUNDS

**FIRE PROTECTION FUND** – to account for the operations and maintenance of the fire department. Financing is provided by an allotment from the State of New Mexico Fire Marshal's Office. State Statue Section 59A-53-2, NMSA, 1978 compilation, requires the allotment be used only to operate fire departments.

**RECREATION FUND** – to account for the operation and maintenance of recreational facilities in the City. Financing is provided by program revenue and by a 1 cent tax on cigarette sales which is collected and distributed by the State of New Mexico. State Statute Section 7-12-15, NMSA, 1978 compilation requires this tax be used in the above manner.

**LODGERS TAX FUND** – to account for the operations of tourist facilities or for half of advertising, promoting and publicizing such facilities and tourist attractions. Financing is provided by one and a half percent of a five percent tax on lodging gross receipts within the City of Socorro. State Statute Section 4-6-41 provides for this tax to be imposed by the City.

**LODGERS TAX PROMOTIONAL FUND** – to account for the operations of advertising, publicizing and promoting tourist facilities and tourist attractions. Financing is provided by three and a half percent of a five percent tax on lodging gross receipts within the City of Socorro. State Statute Section 3-3-15, subsection D and E, NMSA, 1978 compilation requires the tax to be used in this manner.

**EMERGENCY MEDICAL SERVICES FUND** – to account for the State grants received for the purchase, repair and maintenance of rescue units, ambulance vehicles and emergency equipment and communication system. State Statute Section 24-10A-7, NMSA, 1978 compilation restricts the expenditures to be used for that purpose.

**LAW ENFORCEMENT PROTECTION FUND** – to account for the State grants received for the purchase, repair and maintenance of law enforcement equipment and expenses for law enforcement planning and training. State Statute Section 29-13-1, NMSA, 1978 compilation restricts the expenditures to be used for that purpose.

**CORRECTIONAL FEES FUND** – to account for correctional fees collectable from persons convicted by the municipal judge for violating any motor vehicle ordinance. State Statute Section 35-14-11, NMSA, 1978 compilation restricts the expenditures to the purpose of paying for the care of municipal prisoners.

**SEDILLO PARK RENOVATIONS FUND** – to account for recreational user fees and concession revenues associated with activities conducted at Sedillo Park. The revenues are pledged for the purpose of paying a promissory note, the proceeds of which were used for renovating Sedillo Park.

**LIBRARY FUND** – to account for donations received for the Public Library. Resources are provided by public donations and the interest earned thereon. Expenditures are to be used for activities of the library.

**JUVENILE JUSTICE GRANT** – to account for grant funds used for programs and workshops administered for the benefit of youth.

#### **SPECIAL REVENUE FUNDS (continued)**

**E-911 FUND** – to account for the emergency medical system. Resources for the project are provided by a grant and administered by New Mexico Department of Finance.

#### CAPITAL PROJECTS FUNDS

**PLAZA PARK RENOVATIONS FUND** – to account for renovations to the plaza/park. Resources for this project are provided by appropriations from the State of New Mexico and transfers from the Enterprise Fund.

**ANIMAL CONTROL SHELTER** – to account for improvements to the animal control shelter. Resources for this project are provided by grants and general fund.

**AIRPORT IMPROVEMENT FUND** – to account for resources received and used for improvements to the municipal airport. Resources for the project are provided by an FAA Grant, NM Aviation Division Grant and City matching funds.

**STREET IMPROVEMENT FUND** – to account for improvements to streets. Resources for the various projects are provided by the New Mexico State Highway and Transportation Department, State Appropriations, local contributions, City matching contributions and transfers from the General Fund and Enterprise Fund.

**RODEO ARENA AND CONVENTION CENTER** – to account for improvements and facilities to the arena and convention center. Resources for this project are provided by federal and state funding and transfers from the General Fund.

**CDBG CUBA ROAD PHASE II** - to account for improvements to various roads. Resources for the project are provided by the General Fund, Enterprise Fund and federal and state funding.

**CDBG CUBA ROAD PHASE III** - to account for improvements to various roads. Resources for the project are provided by the General Fund, Enterprise Fund and federal and state funding.

#### **DEBT SERVICE FUND**

**Debt Service Fund** – to account for accumulation of monies and payment of interest, principal & required reserves on the Master Equipment Lease Purchase Agreement and the HS Road Intercept and Reserve Fund.

# REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Ravi Bhasker, Mayor City Council City of Socorro Socorro, New Mexico and Hector H. Balderas New Mexico State Auditor Santa Fe, New Mexico

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate remaining fund information, the budgetary comparison of the general fund, and the combining and individual funds and related budgetary comparison presented as supplemental information, of the City of Socorro, New Mexico (City), as of and for the year ended June 30, 2012, and have issued our report thereon dated November 30, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

### **Internal Control Over Financial Reporting**

Management of the City is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as 2010-1 and 2012-1.

The City of Socorro, New Mexico's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit the City's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of management, the City, the Office of the State Auditor, the New Mexico State Legislature, the New Mexico Department of Finance and Administration, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

### INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Ravi Bhasker, Mayor
City Council
City of Socorro

### **Compliance**

We have audited the compliance of the City of Socorro, New Mexico, with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the City of Socorro's, New Mexico's major federal programs for the year ended June 30, 2012. The City of Socorro, New Mexico's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the City of Socorro, New Mexico's management. Our responsibility is to express an opinion on the City of Socorro, New Mexico's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Socorro, New Mexico's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City of Socorro, New Mexico's compliance with those requirements.

In our opinion, the City of Socorro, New Mexico, complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2012.

### **Internal Control Over Compliance**

The management of the City of Socorro, New Mexico, is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the City of Socorro, New Mexico's internal control over compliance with requirements that could have a direct and material effect on a major federal program to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Socorro's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of control deficiencies, in internal control over compliance, such that there is reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

The City of Socorro's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit the City of Socorro's response and, accordingly, we express no opinion on the responses.

This report is intended solely for the information and use of the management, the City, City Council, and federal awarding agencies and pass-through entities, the Office of the State Auditor, the New Mexico Legislature, and the New Mexico Department of Finance and Administration and is not intended to be and should not be used by anyone other than these specified parties.

# STATE OF NEW MEXICO CITY OF SOCORRO SCHEDULE OF FINDINGS AND QUESTIONED COSTS JUNE 30, 2012

### **Current Year Findings and Recommendations**

2010 – 1 Budget Deficit in Excess of Cash:

(compliance)

Condition: The City's final approved budget for the Rodeo Arena and Convention

Center included a deficit that exceeded the beginning cash balances in the

amount of \$1,113.

Criteria: The New Mexico State Statute, Section 6-6-11 NMSA 1978, states "It is

unlawful for any municipal governing body for any purpose whatever to become indebted or contract any debts of any kind or nature whatsoever during any current year which, at the end of such current year, is not and cannot then be paid out of money actually collected and belonging to that

current year."

Effect: The City's final approved budget included expenditures in excess of

revenues and the beginning cash balance, in violation of state statues. Expenditures budgeted in excess of available cash balances increase the likelihood of the City overspending and expenditures in excess of

available funds.

Cause: The City budgeted expenditures creating a budget deficit in excess of

beginning cash.

Recommendation: The City should review available cash balances when preparing a Budget

Adjustment Request, to insure that they have the funds available.

Response: Management agrees and will monitor to ensure that budget adjustments do

not exceed cash available.

# STATE OF NEW MEXICO CITY OF SOCORRO SCHEDULE OF FINDINGS AND QUESTIONED COSTS JUNE 30, 2012

### **Current Year Finding and Recommendations**

2012 – 1 Expenditures in Excess of Budget:

(compliance)

Condition: Actual expenditures exceeded budgeted expenditures at the total fund

level for the Law Enforcement Fund by \$1,200.

Criteria: Section 6-6-6 NMSA, 1978 require that the City keep expenditures within

the budgeted amounts. NMAC 2.2.2.10 P(1) requires a finding when

actual expenditures exceed budgeted expenditures.

Effect: The City's expenditures in the above fund exceeded the approved budgets

by the amount noted above.

Cause: The City over spent their budget in the fund noted above and did not apply

for a budget adjustment request to the Department of Finance and

Administration (DFA) when expenditures exceeded budget.

Recommendation: Budget adjustment requests should be presented to and approved by DFA

before expending funds in excess of budget.

Response: Management agrees with the recommendation.
